INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Karina Association, Inc. (the "Organization"), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

NOTE A - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Karina Association, Inc. (the "Organization") was incorporated in March 2009 and is headquartered in Timonium, Maryland. The Organization serves families in Baltimore City and surrounding counties. A vital role of the Organization is building acceptance and inclusion for those who are disabled in a society where most people take inclusion for granted.

Revenues are derived mainly from contributions and grants, as well as payments from the Developmental Disabilities Administration ("DDA") for community learning services.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue Recognition

The Organization recognizes revenue for services in the accounting period it is earned, regardless of when cash is received. Contributions are recognized when cash is received.

Accounts Receivable

The Organization provides for estimated losses on accounts receivable based on prior bad-debt experience and a review of existing receivables. Based on these factors, management has determined that there is no allowance for doubtful accounts necessary at June 30, 2021.

Recognition of Donor Restrictions

Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

Notes to Financial Statements

NOTE A - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash

For purposes of the Statement of Cash Flows, cash includes amounts on deposit at financial institutions.

Property and Equipment

The Organization generally capitalizes all property and equipment acquisitions with useful lives greater than one year and \$5,000. Property and equipment are recorded at cost, if purchased, or fair value, if contributed. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities. Certain categories of expenses are attributable to both program and management and general services. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The primary expense that is allocated are salaries, which are allocated based on estimates of time and effort.

Advertising Costs

The Organization's policy is to expense advertising costs as incurred. Advertising costs charged to expenses were \$1,643 for the year ended June 30, 2021.

Income Taxes

The Organization is exempt from federal income taxes under the Internal Revenue Code Section 501(c)(3). However, income from certain activities not directly related to the Organization's tax-exempt purpose, if any, is subject to taxation as unrelated business income. The Organization's tax filings are subject to examination by various taxing authorities. The Organization's tax years of 2019 through 2022 remain subject to examination. There are currently no examinations for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through January 20, 2023, the date the financial statements were available to be issued.

NOTE B - LIQUIDITY AND AVAILABILITY

Cash	\$ 172,254
